ASTITAV MITTAL

Java Programmer

📞 7009171767 @ astitavmittal@gmail.com 🔗 www.linkedin.com/in/astitav2k3 📍 Punjab, India

SUMMARY

Dedicated Java developer with a strong problem-solving mindset, combining technical proficiency with creative thinking. Skilled in video editing and building user-focused solutions, with a commitment to continuous learning and delivering high-quality results.

EDUCATION

B.E in Computer Science

Chitkara University

📅 08/2021 - 08/2025 📍 Patiala

Senior Secondary

Delhi Public School CBSE

📅 04/2020 - 04/2021 📍 India

PROJECTS

TaskHub

📅 08/2024 - 09/2024

Built a full-stack Tasker application for daily task management with React, Spring Boot, and MongoDB, fully deployed with user authentication and logging.

- Developed secure user authentication, password reset, and task management features to deliver a seamless to-do experience.
- Built a React frontend and Spring Boot backend, integrating REST APIs and deploying both services independently.
- Implemented server-side logging and error analysis, enabling better monitoring, debugging, and application reliability.

Gym Website

📅 01/2021

Web-based application that displays essential details about a gym

- Provides information about a gym, including pricing, facilities, and trainers
- Designed with modern UI elements for an engaging user experience
- Tech used: React.js, Github, Forms

Save The Box

📅 01/2021

An engaging web-based game that challenges the player's reflexes and skills

- A simple web-based game where the player controls a box to avoid obstacles
- The box moves automatically; player uses arrow keys to control direction
- Progressive difficulty with increasing speed and frequency of obstacles
- Built using HTML, CSS, and JavaScript

STRENGTHS

⭐ **Creative Problem Solver**

Combining technical skills with creative problem solving in software development

⭐ **Team Collaboration**

Ability to work effectively within a team to achieve common goals and targets

KEY ACHIEVEMENTS

⭐ **Published Conference Paper**

Published research on the impact of AI in digital marketing, demonstrating ability to engage with contemporary technology trends

SKILLS

Java   GitHub   CSS   HTML

React   JavaScript   Linux

Springboot

INTERESTS

🚩 **Exploration**

Exploring new cultures and places through travel, broadening perspectives

EXPERIENCE

SDE-1

Verizon

📅 08/2025 - Present 📍 Chennai

Company Description

- Resolved production and development bugs across microservices, improving system stability and reducing recurring issues.
- Developed an automated testing suite to streamline test execution and reduce manual effort during releases.
- Enhanced internal workflows by implementing automation scripts that improved debugging and verification efficiency.
